

use_soh_for_FT

```
graph TD; A[use_soh_for_FT] --> B[write_soh_input]; B --> C[run_soh];
```

A flowchart with three rounded rectangular nodes. The first node, 'use_soh_for_FT', is green and located at the top left. A vertical arrow points down from it to the second node, 'write_soh_input', which is brown and located at the bottom left. A horizontal arrow points right from the second node to the third node, 'run_soh', which is also brown and located at the bottom right.

write_soh_input

run_soh
